# Forum Programme

---

Asian Forum, Hong Kong  
The Renaissance Harbour View Hotel

# And so we dare

We are championing the fight against under-recognized eye conditions.  
We believe there's a better future for people living with and affected by ophthalmic diseases. And for us that means having the courage to do things differently.

Find out more at [shire.com](https://www.shire.com)

# Welcome

## Ophthalmology Futures Asian Forum 2018

Dear Colleagues,

Welcome to Ophthalmology Futures Asian Forum 2018.

We are delighted to be hosting our third Asian Forum in Hong Kong, one of the world's most dynamic financial centres.

Our Forums aim to present a new perspective on innovation in Ophthalmology, combining small company presentations, research and development updates, market opportunities and pearls for success in the ophthalmology sector.

Our panel discussions on clinical topics will continue with our previous format of clinician-driven questioning to various stakeholders in the innovation cycle. Our business panels will focus both on early stage innovation as well as advice to small company executives hoping to attract attention from larger corporations. We will endeavour to make the meeting as interactive as possible. As always, we would like to thank our advisory board, programme committee, corporate presenters, sponsors and eminent faculty for their invaluable support and assistance without which this meeting would not be possible.

Thank you for joining us in Hong Kong!

The Ophthalmology Futures Team

Vision Futures Limited, London, UK.  
Registered in England No: 8125858.

# Asian Forum 2018 programme

Speakers' affiliations can be found on the inside back cover.

---

> 08:30 - 08:40

## Welcome from Ophthalmology Futures Forums and the Hong Kong Ophthalmological Society

Keith Barton (London, UK)  
Dexter Leung (Hong Kong, China)  
Kuldev Singh (Stanford, USA)  
Chelvin Sng (Singapore)

---

> 08:40 - 08:50

## Guest of Honour

Prof. Anthony Wu (胡定旭教授) GBS JP  
Standing Committee Member Chinese People's Political  
Consultative Conference National Committee

---

> 08:50 - 09:00

## The Changing Healthcare Market in Asia

Hogan Wan (JP Morgan)

---

> 09:00 - 09:30

## Skynet and the Eye: Retinal Imaging and Artificial Intelligence

### Co-chairs

Tien Yin Wong (Singapore)  
and  
Adnan Tufail (London, UK)

### Panellists

Robert Chang (Stanford, USA)  
Almira Chabi (Santen)  
Sujay Debnath (Carl Zeiss Meditec)  
Sanny Yuzhen Jiang (London, UK)  
Ian Wong (Hong Kong, China)  
Benny Zee (Hong Kong, China)  
Haogang Zhu (Beijing, China)

---

> 09:30 - 10:40

## Small Private Company Presentations 1

### Co-chairs

Robert Chang (Stanford, USA)  
and  
Dexter Leung (Hong Kong, China)

### Companies

09:30-09:37 Sibionics  
09:37-09:44 Kali Care  
09:44-09:51 Heartisans  
09:51-09:58 Pleryon  
09:58-10:05 Sonikure  
10:05-10:12 EyeYon Medical  
10:12-10:19 Medhydrogel  
10:19-10:26 China Grand Pharmaceutical and Healthcare  
10:26-10:40 Discussion

---

> 10:40 - 11:05

## The Myopia Epidemic: Opportunities and Potential Solutions

### Chair

Marcus Ang (Singapore)

### Panellists

Pauline Cho (Hong Kong, China)  
Mingguang He (Melbourne, Australia)  
Shigeru Kinoshita (Kyoto, Japan)  
Saw Seang Mei (Singapore)  
Naveed Shams (Santen)  
Donald Tan (Singapore)

---

> 11:05 - 11:25

## Networking Break

Sponsored by Santen

---

> 11:25 - 11:50

## What are the Prospects for the Ocular Surface?

### Chair

Shigeru Kinoshita (Kyoto, Japan)

### Panellists

Tommy Chan (Hong Kong, China)  
Robert Dempsey (Shire)  
Jimin Lee (Bausch + Lomb)  
Zuguo Liu (Xiamen, China)  
Lipika Roy (Allergan)  
Carol Stiff (Santen)

---

> 11:50 - 12:15

## The Regulatory Pathways in China

### Chair

Tina Wong (Singapore)

### Panellists

Jane Ellen Giamporcaro (Glaukos)  
Youqin Tian (Santen)  
Ningli Wang (Beijing, China)  
Dietrich Wolf (EyeTechCare)

---

> 12:15 - 12:45

## Wooing Asian Investors

### Co-chairs

Dennis Lam (Hong Kong, China)  
and  
Fay Xing (Wuxi Ventures)

### Panellists

Yuval Binur (Arsuf Global Advisers)  
Sylvia He (Hyfinity Fund, Beijing)  
Yen-Chen Huang (Diamond Biofund, Taipei)  
Richel Liu (Rimondi Capital, Beijing)  
Satoshi Suzuki (Santen)  
Hogan Wan (JP Morgan)

---

> 12:45 - 13:20

## Networking Lunch and Company Exhibition

---

> 13:20 - 13:40

## How Will the Glaucoma Device Boom Affect Asia?

### Chair

Keith Barton (London, UK)

### Panellists

Robert Ang (Manilla, Philippines)  
Almira Chabi (Santen),  
Mike Chodzko (Ivantis)  
Dexter Leung (Hong Kong, China)  
Baldo Sforzolini (Allergan)  
Chelvin Sng (Singapore)  
Jay Stark (Alcon)  
Xiulan Zhang (Guangzhou, China)

---

> 13:40 - 14:00

## Will New Modes of Glaucoma Drug Delivery Eclipse the Device Boom?

### Chair

Tina Wong (Singapore)

### Panellists

Robert Ang (Manilla, Philippines)  
Jane Ellen Giamporcaro (Glaukos)  
Paul Kaufman (Madison, USA)  
Baldo Sforzolini (Allergan)  
Xiulan Zhang (Guangzhou, China)

---

> 14:00 - 15:10

## Small Private Company Presentations 2

### Chair

Chelvin Sng (Singapore)

### Companies

14:00-14:07	EyeTechCare
14:07-14:14	Belkin Lasers
14:14-14:21	Implandata
14:21-14:28	Ivantis
14:28-14:35	BCVA
14:35-14:42	Orca Surgical
14:42-14:49	Emmetrope
14:49-14:56	Akkolens
14:56-15:03	Mynosys
15:03-15:10	Discussion

>>

---

> 15:10 - 15:30

## The Changing Market for Refractive Surgery

### Chair

Jodbhir Singh Mehta (Singapore)

### Panellists

Marcus Ang (Singapore)

Joe Redner (Carl Zeiss Meditec)

Sunil Shah (Birmingham, UK)

*MedEther*

## Expand your practice and collaborative network to the huge Chinese healthcare market

MedEther is a platform connecting UK hospitals and senior medical professionals with a wide network of hospitals in 20+ provinces of China and more than 7 million Chinese healthcare professionals. MedEther works with medical education and training organisations to help produce education programs that are accessible and understandable for Chinese healthcare professionals. We aim to create a network of shared knowledge between the UK and Chinese consultants, both in terms of a digital database and the direct transfer of knowledge through lectures, seminars, and exchange programs.

In clinical service, MedEther works with medical professionals in both the UK and China to provide cross-border co-management service to Chinese patients via organising both teleconsultation and visiting consultant programs.

MedEther has established strategic partnerships with well-known Chinese organisations providing continuing medical courses to deliver CPD accredited education programs to more than 5 million users in China. We also help UK senior doctors explore and set up multiple practicing sites in China.

This year, MedEther has launched a series of training and skill showcase events for Chinese medical professionals who have subspecialty interest in plastic surgeries, non-surgical aesthetic treatment and cosmetic medicine. We invite senior plastic surgeons, dermatologists with cosmetic practice and medical aesthetic doctors to join us in this project and visit China for: (1) providing education/training/teaching to medical professionals; (2) providing clinical services to high net-worth individuals or patients suffering complex medical conditions in China.

Please visit our website for more information.

# REIMAGINING EYE CARE

Alcon's mission is to discover new ways to enhance sight and improve people's lives, and we have done this successfully for 70 years.

Our products touch the lives of millions of people each year living with conditions like cataracts, glaucoma, retinal diseases, and refractive errors. We offer the most complete line of ophthalmic surgical devices, as well as a differentiated contact lens and lens care portfolio to help patients see, look and feel their best.

Reimagining eye care means to us that we are at the forefront of innovation, partnering with eye care professionals to bring the gift of sight to more people around the world.

## Upcoming European and Asian Forums

Ophthalmologist driven forums with corporate leaders, financiers, regulators, clinicians and scientists gathered to facilitate innovative ophthalmic product development and improve eye care delivery.

The audience includes senior business development and management representatives from start-up, small and large ophthalmic device and pharmaceutical companies, in addition to investors, bankers, regulators, reimbursement specialists, contract research organisation representatives, business consultants, scientists and clinicians.

At our forums we endeavour to create a program that is driven by clinical unmet need, is interactive and of interest to all attending parties. **Supporting improved ocular health.**

Single and joint event sponsorship packages available. Please email [info@ophthalmology-futures.com](mailto:info@ophthalmology-futures.com) for further information.

## Our Platinum Sponsors

As a pharmaceutical company specialized in the field of ophthalmology, Santen is committed to developing innovative ophthalmologic drugs that contribute to the improvement of Quality of Life and Quality of Vision of patients around the world. Santen creates competitive therapies by selectively channeling resources into three therapeutic categories-corneal and conjunctival epithelial disorders, glaucoma and hypertension, and retinal disorders-as we deem these markets to have high unmet medical needs and strong growth prospects. We are pursuing various strategies in order to achieve our long term strategic vision towards 2020, to become a Specialized Pharmaceutical Company with a Global Presence. To realize this vision, we are strengthening our pipeline of compounds for development, building a global clinical development system, and investing in the development of new businesses in the rapidly growing markets in EMEA and Asian countries including Japan, where we can best maximize our strengths.

For more information, please visit [www.santen.com](http://www.santen.com)

## Our Gold Sponsors

Alcon is the global leader in eye care. As a division of Novartis, we offer the broadest portfolio of products to enhance sight and improve people's lives. Our products touch the lives of more than 285 million people each year living with conditions like cataracts, glaucoma, retinal diseases and refractive errors, and there are millions more who are waiting for solutions to meet their eye care needs. Our purpose is reimagining eye care, and we do this through innovative products, partnerships with eye care professionals and programs that enhance access to quality eye care.

For more information, please visit [www.alcon.com](http://www.alcon.com)

## Our Platinum Sponsors

Shire is the global leader in serving patients with rare diseases. We strive to develop best-in-class therapies across a core of rare disease areas including hematology, immunology, genetic diseases, neuroscience, and internal medicine with growing therapeutic areas in ophthalmics and oncology. Our diversified capabilities enable us to reach patients in more than 100 countries who are struggling to live their lives to the fullest.

We feel a strong sense of urgency to address unmet medical needs and work tirelessly to improve people's lives with medicines that have a meaningful impact on patients and all who support them on their journey.

For more information, please visit [www.shire.com](http://www.shire.com)

## Our Gold Sponsors

Johnson & Johnson Vision, through its operating companies, is committed to improving and restoring sight for patients worldwide. Since debuting the world's first disposable soft contact lens in 1987, Johnson & Johnson Vision Care, Inc. has been helping patients see better through their world-leading ACUVUE® Brand Contact Lenses portfolio. In 2017, with the addition of Abbott Medical Optics, Inc., the Johnson & Johnson Surgical Vision business, Johnson & Johnson invested further in eye health by expanding into cataract surgery, laser refractive surgery (LASIK) and consumer eye health. Serving more than 60 million patients a day across 103 countries, Johnson & Johnson Vision is committed to helping more people in more places improve or restore their sight. Dual headquartered in Jacksonville, Florida, and Santa Ana, California, Johnson & Johnson Vision has more than 10,000 employees worldwide.

For more information, please visit [www.vision.abbott](http://www.vision.abbott)

## Our Silver Sponsors

Bausch + Lomb, a Valeant Pharmaceuticals International, Inc. company, is a leading global eye health organization that is solely focused on protecting, enhancing and restoring people's eyesight. Its core businesses include over-the-counter supplements, eye care products, ophthalmic pharmaceuticals, contact lenses, lens care products, ophthalmic surgical devices and instruments. Bausch + Lomb develops, manufactures and markets one of the most comprehensive product portfolios in our industry, which is available in more than 100 countries.

For more information, please visit [www.bausch.com](http://www.bausch.com)

The Medical Technology business of ZEISS offers complete solutions, including implants and consumables, to diagnose and treat eye conditions and ophthalmic diseases. The comprehensive ZEISS portfolio is designed to meet the demands of eye care professionals and help them deal with an increasingly challenging healthcare environment.

The company drives the development of leading edge technology for diagnosis, treatment, follow-up and management of the most common eye diseases - all with the goal of helping health care professionals overcome their day-to-day challenges so they can focus on delivering the best possible patient care..

For more information, please visit [www.zeiss.com/meditec-ag](http://www.zeiss.com/meditec-ag)

## Our Bronze Sponsor

Allergan plc (NYSE: AGN), headquartered in Dublin, Ireland, is a bold, global pharmaceutical company and a leader in a new industry model – Growth Pharma. Allergan is focused on developing, manufacturing and commercializing branded pharmaceutical, device, biologic, surgical and regenerative medicine products for patients around the world. Allergan markets a portfolio of leading brands and best-in-class products for the central nervous system, eye care, medical aesthetics and dermatology, gastroenterology, women's health, urology and anti-infective therapeutic categories. Allergan is an industry leader in Open Science, a model of research and development, which defines our approach to identifying and developing gamechanging ideas and innovation for better patient care. With this approach, Allergan has built one of the broadest development pipelines in the pharmaceutical industry with 55+ mid-to-late stage pipeline programs currently in development.

## Supported Charities

---

**Every 15 minutes, someone in the UK starts to lose their sight.**

At Moorfields Eye Charity, we believe that we can help bring new treatments to patients with eye diseases faster than ever before. By raising funds for the crucial research, education and patient care at Moorfields Eye Hospital and its research partner, the UCL Institute of Ophthalmology, we are able to help ensure that they remain at the forefront of ophthalmic care and research.

- Help Moorfields Eye Hospital provide the best possible care for its patients
- Invest in state-of-the-art equipment
- Educate the researchers and clinicians of tomorrow
- Fund research to find better and more effective treatments for blinding diseases

>> [moorfieldseyecharity.org.uk](http://moorfieldseyecharity.org.uk)

**We provide help to everyone affected by sight loss from glaucoma.**

Our information is for everyone who is interested in glaucoma, people who have just been diagnosed, or anyone living with glaucoma.

We run a helpline, provide free glaucoma leaflets, set up patient support groups, provide a buddying scheme and fund professional research that helps with the detection, management and treatment of glaucoma.

We also run glaucoma awareness campaigns and have a membership scheme, which helps people keep up to date about their condition and treatment.

All our services are free, funded through our members' generosity.
